A Report on the Seminar conducted for the topic "International day for Elimination of Violence Against Women and International Human Rights Day"

International Day for Elimination of Violence Against Women is celebrated worldwide on 25th of November and International Human Rights Day is celebrated on 10th of December worldwide every year.

H. K. E. Society's S. L. N. College of Engineering celebrated both events together on 03-02-2023. The event was organized by the NSS unit of SLNCE under the guidance of Prof. Subhash Patil in association with the Women Empowerment Cell. The event had been taken forward by Prof. Basamma Patil, Dept. of Electronics and Communication Engineering. Based on the theme by UNiTE, all Female staff came donned in orange attire to symbolize a brighter future, free of violence.

The keynote speaker for the seminar was Mrs. Uma Ramu, Assistant Professor, SCAB Law College, Raichur. She laid a foundation for knowing the types of violence imposed and how women are currently dealing with the violence around them. She also discussed deeply the Law & Order for such crimes and how surrounding people can help deal with such situations. She further discussed fundamental rights and their positive use in practical life. About 80 students participated in the seminar and gained information about gender-based violence and fundamental human rights.

The session ended with a Vote of thanks proposed by Prof. Shruti Shivaraj, Dept. of Civil Engineering.
