

HKE Society's SLN College of Engineering
Department of Electronics and Communications Engineering

Venue: Seminar Hall and Lab-4 Dept of E&CE

Participants: 50 (IEEE Members 20 + Non IEEE members 30)

Date: 23-01-2023 to 24-01-2023(9AM to 4:30 PM)

The department of E&CE is conducted a fully practical oriented Two Days Workshop on “Circuit Prototyping” from 23-01-2023 to 24-01-2023.

Workshop was run by Rlogic Technologies, in association with SLN-IEEE Student Branch (STB-99080) and hosted by the department of E&CE, SLN College of Engineering.

Workshop began by Prof V K Jalihal Welcoming the resource person Mr Rakesh BH, Managing director Rlogics, Bellary, all the staff members of the college and participants. Dr Vishwanath P, HOD E&CE gave a keynote address.

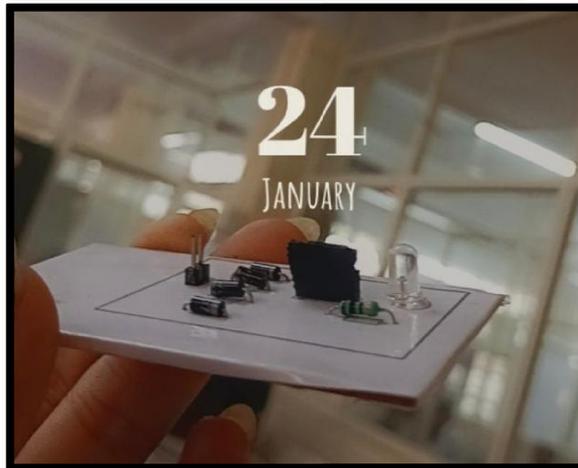

50 students from 3rd sem and 5th sem E&CE attended the workshop.

Students enthusiastically participated and completed all the activities assigned during the workshop. Each one of the participating students made their own PCB by the end of the workshop.

The workshop was coordinated by Prof Jyoti B K and Prof V K Jalihal.

At the end of the workshop students gave their feedback. Dr. Vishwanath P presented vote of thanks to the resource persons, college management, coordinators and all those who directly or indirectly supported it.

Glimpses

HKE Society's
SLN College of Engineering
A Two Days Workshop on
Circuit Prototyping
Jointly Organized by
Department of ECE
and **SLN-IEEE Student Branch (STB99080)**
In Association with **Rlogic Technologies**

Basics of PCB
Schematic
PCB Layout Design
Toner Transfer
PCB Etching
PCB Drilling
Silkscreen Application
Components Soldering
Circuit Testing

23rd and 24th
Jan 2023

Enrollment Fee: Rs. 100
